Innovative Computing Systems Continues to Grow, Adds Office in East Bay

San Francisco – November 14, 2016 – Innovative Computing Systems, a legal information technology provider with offices in Los Angeles, San Francisco and Austin, announces the opening of a new office in Oakland, California.

“As our company continues to grow, this office will help us better serve our clients in the East Bay,” says Michael Kemp, CEO and founder of Innovative Computing Systems.

Innovative has long been a presence in Northern California with an office in San Francisco. The company is headquartered near Los Angeles, and its technical assistance center is located in Austin, Texas.

Innovative Computing Systems serves numerous Bay Area clients including many law firms, municipalities and corporate entities.

About Innovative Computing Systems, Inc.

Innovative Computing Systems, Inc., has primarily focused on the technology needs of law firms since 1989, and those skill sets have been sought out by entities such as municipalities, corporate environments and professional services industries. Innovative Computing Systems takes a best-of-breed approach to all its offerings. Innovative Computing Systems selects only premier technology partners to provide solutions to its clients and is committed to maintaining long-term strategic relationships with them to ensure the highest levels of success with IT initiatives.
